LEADING THE FIGHT TO CONFIRM JUSTICE KAVANAUGH

Real Courage

Confirming Conservative Judges

As the newly appointed Chairman of the Senate Judiciary Committee, Senator Graham's top priority will be to confirm the qualified, conservative judges nominated by President Trump. When Democrat obstruction and lies threatened the nomination of Brett Kavanaugh, Lindsey Graham fought the smears

and was instrumental in Justice Kavanaugh's confirmation. As he has proven in the past, Lindsey Graham will fight hard to confirm qualified conservative judicial nominations.

Building the Wall

Recognizing the vital need to fix our broken immigration system and stop the flow of illegal immigrants across the southern border, Lindsey Graham is fighting to secure the funding President Trump needs to build the wall. He understands that the border wall is a critical part of America's security and we can't have real security as a nation without strong borders. He is working to fix our nation's broken asylum laws and stop the flow of illegal immigrants.

Fighting Terrorism

America is at war and it's a war we can't afford to lose. It's a war that needs to not only be fought on the

battlefield, but also by cutting off funding to terrorists and the governments that harbor them. That's why the Taylor Force Act is so important. Sponsored by Senator Lindsey Graham and named in honor of an American veteran killed in Israel by a terrorist, the Taylor Force Act cuts off funding from American taxpayers to the Palestinian Authority until the PA stops funding terrorism.

Protecting Life

There are no members of society more vulnerable than unborn babies. These precious lives deserve the same protections that each of us have. Lindsey Graham has been a consistent, strong pro-life leader. He fought to ensure that our laws recognize the mother and unborn child as victims when they are injured or killed during the commission of a federal crime. He wrote the bill that bans late-term abortions when an unborn baby can feel pain. Because of his commitment to protecting life, he has been named “Legislator of the Year” by S.C. Citizens for Life.

We are facing an illegal immigration crisis at our southern border.

President [@realDonaldTrump](#) is on sound legal footing to declare an emergency to deal with the problem.

I expect the President's position will prevail – in Congress and the courts.
